TBB563CA | Spruce II Backpack 16"

The Spruce II Backpack is designed to protect up to 16" widescreen laptops and is constructed with material made from recycled plastic bottles. The backpack is PVC-free and also features nickel-free hardware and recyclable plastic components. To store your essentials, it features zippered front panel pocket, document storage compartment, interior organizer and workstation. This backpack includes padded compartments for both a laptop and tablet/E-Reader. The stylish design features a magnetic closure, zippered side pockets, hidded mesh bottle pocket, padded top handle, a green accent stripe and matching shoulder strap. It takes 20 plastic bottles to make this case!
